Greetings from Georgia,
God is good and there is much to praise Him for!!!

January – March 2026

In our last letter we mentioned Debbie's fall on our trip to the Dominican Republic. Surgery went well on her knee with a titanium plate fixed to the knee cap two days before Christmas and she is recovering well with therapy. The therapist is now working on bending and strengthening the knee. The Orthopedic Doctor said it will take six months to a year to heal and she is now walking on her own without the aid of a wheel chair or crutches. Praise the Lord!

All that said she is back to teaching 6-9 year old children's Sunday school and back at the DLM desk making calls to churches for the Christmas Joy Gift Bags. Concerning the CJGB; thank you to all the Churches who are participating in the Joy Bags, she is now busy mailing them out! Please call the office at 912-943-9999 or email and tell her how many Joy Bags you and your church need and they will be mailed to you. Also, check out the new updated Joy Bag brochure. By your sacrificial giving every child who receives a Christmas Joy Bag will receive the gospel and you are making a difference in a child's life.

One very exciting project being put together by Director Thomas Green and Missionary Barry Ritchie is the following. The Honduran president has decreed that all children in public schools should have access to the Holy Bible. In one province there are 1,385 public schools and their vision is for 100,000 Bibles to be shipped to these schools. The blessing, 100,000 Bibles will be printed and provided by Mt. Pisgah Baptist church in Oliver Springs, TN. Two containers will be needed for shipping and have already been paid for. The only thing needed now is the funds for distribution after arriving in Honduras. Distribution funds will consist of the need for transporting and distributing the Bibles upon arrival.

At the DLM warehouse we have a couple of projects in the works. I am in the process of getting bids for 1st some concrete work to the north end of the warehouse floor to expand the Joy Bag projects area and 2nd large building ventilation fans to help remove some of the heat we encounter during the summer months. Also in the last three months the DLM team and volunteers have been processing materials and literature to missionaries with four containers being shipped thus far since January.

Debbie and I continue to be active in our local church. As I mentioned earlier she is teaching 6-9 year old in Sunday school. Saturdays are regular soul winning efforts with regular visitation and a nursing home ministry. Also in February I was on the phone trying to arrange meetings near home until Debbie is ready to start traveling again.

The month of March was mission's emphases month in our church. The belief also at DLM is that the heart of our Lord is missions. For the Lord said in, **Mark 16:15b ...** Go ye into all the world, and preach the gospel to every creature. Into ALL the World is a global outreach with the Good News of Christ.

Prayer request; Debbie's continued healing for her knee, for the Honduras Bible project, the DLM warehouse upgrades and that we will be able to get meetings to raise awareness and support for DLM.

God bless and thank you for your
Prayers and Support
