Carl Hewlett

Dear Brethren,

The photos here are of Missionary Alex Melendez's young mission work in Puente Blanco, Panama with the Guaymi Indians. For them to have nightly services for adults, they need electricity. The children's services and activities are during the daytime hours, but the adults need to be able to attend nightly services. The cost for a complete electrical system is \$1000. If you are familiar with Bro. Melendez and his ministry, you may want to help him with this urgent and most necessary need. You can go to the gpamissions.com website, click on menu, then look for Our Missionary Family. Once there, scroll down till you come to the Alex Melendez family. From there, it will show you how you can donate directly to their ministry or, you can mail a check written out to the Gospel Preacher Association and designated for ALEX MELENDEZ ELECTRIC, then send it to:

The Gospel Preacher Association
P.O. Box 520
Oxford, PA 19363

Thank you so much for your prayers and help. GOD IS GOOD.

Bro. Carl, GPA
Luke 19:10.

Daniel Araya V.
