Missionary Guillermo Rojas letter re: his wife, Sylvia

July 8, 2026

Dear Brethren,

For those of you who are familiar with Bro. Guillermo Rojas and his ministry in Costa Rica, or if you support him on a monthly basis, please pray with us that the Lord would complete his schedule for meetings and supply his need for a rental car.

HELP WITH RENTAL CAR

The dates of Bro. Rojas' visit to the states are August 25th through October 5th. The total cost of car rental for that period is \$1733. Going with a rental car is a far better way to travel for the missionary who desperately needs transportation to move about while in the States. This eliminates the problems of insurance, the possibility of mechanical failure, along with the inconvenience of someone lending out a personal vehicle. The national missionary is permitted to drive in the US for 90 days, using his own driver's license, in this case, from Costa Rica. The only obstacle in this matter is coming up with the finances to rent the car. That is where God steps in and uses faithful brethren to fill that gap. So please pray that the Lord in his wisdom and mercy will help us with this. This indeed is an eternal investment.

Rental car need: \$1733 | Travel dates: August 25th through October 5th

HELP WITH SCHEDULED MEETINGS

We also have these dates that need to be filled:

- **Wednesday, September 9**
- **Wednesday, September 23**
- **Wednesday, September 30**
- **Sunday, October 4 (morning and evening)**

If you know of a church in the tri-state area, large or small, that might consider having Bro. Guillermo and his wife Silvia in for a meeting on these dates, that would be such a great help to them, plus it would be a blessing to that particular church to be able to hear and get to know the Rojas's and of their work in Costa Rica. For any information needed about the Rojas family and ministry, I am here to help. I've known and worked with Bro. Guillermo since 1990. He has gained much trust over the years and is well known to many brethren and churches in this area of WV.

If you can help, please contact me at:
